

# 3 IN 1 MOBILE COMPACT READER

ID TECH's VP3300 represents the latest innovation in secure payment acceptance. It incorporates triple-tracks MagStripe, smart card, and contactless technologies. This all-in-one reader enables the acceptance of MagStripe, EMV smart card, and NFC/ contactless payments including Google Pay, Apple Pay, Samsung Pay, Interac, MasterCard MCL, Visa VCPS, American Express ExpressPay, Discover DPAS, and more. VP3300 communicates to the host via USB and is supported with a SDK, to allow for simple and easy integration. The USB port is also used for charging. It also provides the ultimate flexibility by allowing the ICC connection and the magnetic stripe head to be installed remotely from the main contactless module.

# COMMON KERNEL, UNCOMMONLY SIMPLE.

VP3300 is the 3-in-1 MagStripe, EMV Contact and EMV Contactless Reader. Ask how our VP3300 with the common kernel can speed up your time to market and save you costly L3 approvals!
